Our Docket No.: 2293.2008-000

Dear Tom:

Re:

Enclosed please find another Declaration/Power of Attorney form for review and signature. As requested, also enclosed is a copy of the above-referenced patent application as filed. The application has been revised to include your comments and suggestions after your initial review of the draft application.

Please note that the Declaration requires that the inventor carefully read the patent application. If the application is acceptable, including the inventorship, please sign and date the Declaration in BLUE ink. The inventor should also verify that his typed name, address and citizenship is correct. If there is an error on the form, it may be corrected in blue ink. Any such changes should be initialed and dated in the margin by the inventor. Optionally, you may return the document to me with the necessary changes indicated, and I will prepare a corrected document for signature. If you have any concerns or questions regarding the application or inventorship, please call me immediately.

Also enclosed is an Assignment form in which the inventor assigns rights to the invention described therein to **Terion**, **Inc.**. Each inventor should sign and date the Assignment in <u>BLUE</u> ink in the presence of two witnesses. The witnesses should each sign the Assignment in the space provided below the signature which they witnessed, and print their home addresses in the space provided.
